OUR VISION

James L. Collins Catholic School is committed to quality Catholic education integrating academic excellence with Christian values. In a caring and safe environment we seek to develop each child spiritually, academically, socially, and physically. James L. Collins Catholic School provides a challenging curriculum for all students within a small school setting utilizing a variety of teaching techniques and emerging technologies. We encourage strong parental and community involvement. Our school takes pride in preparing our students for future levels of education and for Christian leadership in the challenges of the 21st century.

DEVELOPING MINDS

As a parent, you have choices for your child's education. In terms of academics, you can rest assured that our school adheres to rigorous standards that result in students consistently exceeding those of other area schools in addition to state and national averages. In an ever-advancing technological world, we strive to provide every opportunity for our students to participate on the forefront. And we are constantly assessing our safeguards to ensure our students are protected as they pursue technological excellence.

NURTURING HEARTS

As we educate students in academics, we also inform them of the importance of having values and offer experiences to help them build and prioritize those values. We believe that it is not just your mind, but your heart and spirit as well that form your character, and it is our mission to send our students into the world with strong morals and values.

Faith, integrity, academic excellence, and a compassionate heart. I couldn't ask more from my Christian education!

CULTIVATING LEADERS

Within our school we have numerous groups, clubs and sports that not only provide for a well-rounded life experience, but assist in identifying leadership qualities as well. Working together our students learn to accept how we are each blessed with different strengths, which not only encourages tolerance and respect, but teaches assimilation and teamwork as well.

FOSTERING FAITH

Learning what it means to be a Christian in general is what distinguishes our students from our counterparts – it goes far beyond academic excellence. There is no greater gift you can give your child than an excellent education that includes faith formation. Because of our unique demographics, we recognize and accept all Christian faiths. As a result, 40% of students that attend our school are not Catholic and are pleased they made the choice to attend James L Collins Catholic School.

GROWING HEARTS AND MINDS
